**REPLY TO OFFICE ACTION MAILED NOVEMBER 4, 2002**

Dear Sir:

In response to the Office Action mailed November 4, 2002, the Applicant requests the Examiner to please consider the following remarks and amend the above-referenced patent application as follows.

IN THE TITLE:

Replace the Title with PORTABLE USER INTERFACE FOR PRESENTATION OF  
INFORMATION ASSOCIATED WITH AUDIO/VIDEO DATA.

IN THE SPECIFICATION:

Amend the paragraph beginning on page 6, line 31 through page 7, line 14 as follows:

Referring to Fig. 2, activation of one of the control buttons in the user interface control components 14B generates a corresponding user input event 30. For example, if the source 18 includes a CD or DVD player that contains a CD or DVD, a user may activate one of the control buttons to play, stop, or perform other control operations. The same or similar control components may be used in further embodiments to control other types of media. In response to the user input event, a corresponding control event handler 15 in the script 13 is triggered to generate control messages 32 that are directed to the control module 16. Such control messages may include, for example, messages indicating that the source 18 is to be played, stopped, paused, and so forth. In turn, the control module 16 may transmit corresponding multimedia
